

Grambling is everything

2018-19 STATE OF GRAMBLING

Grambling is...

A Message from President Rick Gallot

We pen this year's introduction to our annual report reflecting on the ever-growing proof of the strength of our institution and the power of individuals, like you, who help grow greatness among students and on campus.

Your contributions, whether you invited us to Coachella or gave up a night out to support a scholarship, are helping cement our place in history as one of America's leading historically black colleges and universities and one of the best places to learn in Louisiana.

The more than \$300,000 in scholarships we've been able to offer this year are because of you. The first cohort of students who will enroll to receive a bachelors in

Cybersecurity in Louisiana are here because of you. The invitations to host academic summits, teach across the world, and even perform for artists like Beyoncé are all made possible by the investments made by students, parents, faculty, and supporters to define our next generation of success.

Recently, one of our student athletes, Shakyla Hill, who you no-doubt know from her two historic quadruple doubles, was on camera and summed up the state of our University better than almost anyone I know.

Her words rang across the nation to create more than \$2 million of media impact. In the pages that follow here we are excited to share the "why" and proof points behind her powerful words, "Grambling is everything."

“
**Grambling is
Everything**
”

Welcome and thank you for reading the 2018-2019 report on the State of Grambling.

Sincerely,

Rick Gallot
President, Grambling State University

“ We have to uphold our legacy and focus on the journey to capture the very real opportunities that are just ahead. ”

— Rick Gallot

Grambling is DEFINING Success

SUCCESS

Digital Library

= Next Generation of Information Access

Academics

= New Standards in Research and Learning

Collective Giving

= Public, Private and Individual Forces Create an Impact

The Grambling State University legacy is continuously at the forefront of innovation in education and the African American experience. Grambling was founded in response to industry need and to promote opportunity for African Americans. Our community of learners and educators has helped define achievement for more than 110 years. We prepare productive, informed citizens and advance businesses and communities around the world.

Today, as Americans and industries forge through unfamiliar territory, Grambling State continues to produce leaders, lead innovation, and promote civic engagement that all redefine how

the world visualizes success. Through our digital library, we will help them see the next generation of information access.

Through our academics, students and faculty are already creating new standards in research and learning.

Through our collective giving, we are creating a model for what's possible when the synergy of public, private, and individual forces combine to create an impact.

Today, the innovation we drive isn't just monumental on our campus; it is how we are seen by the world. It is the essence of who we are and will always be. At Grambling we define success.

Grambling is VISIONARY progress

Beyoncé Invites World Famed Tiger Marching Band to Coachella

YEAR IN REVIEW

For Grambling State, 2018-19 was a year of turning big vision into reality. From the development of two highly-anticipated degree programs, to numerous awards and achievements, our students and professors made an impact that was felt on campus and across the nation.

BIG WINS

Our record-breaking progress includes achievements both on and off campus. Grambling State students and faculty are shaping communities and industries across the world:

\$11 million awarded in scholarships and fellowships

Approval to launch Louisiana's first bachelor of science in Cybersecurity for Fall 2019

New grants in Computer Science, Technology, and Entrepreneurship

Student internships with U.S. Congress, Coca-Cola, ABC News, ESPN, and Nationwide Insurance

Guest speakers from the Dallas Mavericks, CNN, ESPN, the United States Marine Corps, and Louisiana Governor John Bel Edwards

International learning opportunities in France, Italy, and China

\$16.6 million for the new digital library (fully funded)

Ground breaking on the new Intramural Center facility

Upcoming accreditation reaffirmation, Spring 2020

Growing support to face needs that include \$50 million in deferred maintenance cost

Our students, faculty, alumni, and supporters continue to grow our legacy and demonstrate why we are, "The Place Where Everybody is Somebody."

^B Formulas for these metrics are in development for delivery as a part of our 2020 reporting cycle.

Early Progress

Our Operations, Finance, and Strategy teams are tackling the challenge of measurement head on. These divisions are combining real-time intelligence tools to capture the Grambling State with partners that include Ellucian, Microsoft, Apogee, UL System, Adidas, Louisiana Board of Regents, CenturyLink, and Louisiana Public Service Commission.
